“ *To the family of Beverlyyour mother knew my heart and my soul. When we would meet it was like no one was around us as we embraced the spirit of being together. She inspired me to give all i had in helping handicapped children when special education programming started in the area. There were 6 of us to start and when i left, there were over 320 professionals helping about 2,000 students from birth to 21 years old. She knew i had grown up on military bases and that i had no discrimination in me with race, color, culture, religion or creed. I was always Tom and still am Tom. I always blessed her as we hugged and i always knew when she kissed my cheek i was going in the right direction. From a teen at the launching pad, at your home, at Gibson's discount store to Kustom. She always keep track of me. And she motivated me with her attitude and music. I will never forget when her brother related how much she loved me when we worked together for the school district. Beverly is with the angels of God now. I know i will feel her in my memories and using my judgement of helping people help themselves. Your mother was filled with kindness, love, she cared for all people. My life is greater having her in my life more than these last 50 years. I love all of you. She is missed yet she is always with us in our hearts and our souls.*

“ So sad to hear of the passing of Bev. I worked with her for the entire time she was at Kustom. We all enjoyed the activities of the company made more bright by her presence. She always asked how the family was and was genuinely concerned about them when anyone was ill. Our Christmas parties were a thing of joy for her and she was able to convince most of us to sing out even when our voices would have been better left silent. I have never heard anyone say anything negative about her, instead only terrific testimony about her love of people. So sorry for her loss and hope her family is able to find the peace they need after losing someone so dear to them. She will be missed by Many

I was fortunate to have worked with Bev at Kustom from 1986-1997. She was the spark of the Company. You knew when she said "sing" at the Christmas Party, you had better sing. She will be sorely missed. We love you Bev - Bill Ruppert

Be strong and of good courage, do not fear nor be afraid of them for the Lord your God, he is the one who goes with you. He will not leave you nor forsake you Deuteronomy 31-6

My dear friend....my heart knows you are rejoicing in Heaven with your beloved Magnus and family. Your love for so many will continue to shine. You have stood up for your faith and love for your Lord and set a very high example for many to follow. I will miss you dearly. Thank you for your unconditional love and open arms. We have all been so blessed to have you in our lives. It is time for the example you set that we continue to show love for others and help our brothers and sisters. There was no age limit on whom you listened too and your imprint on many hearts will continue thank you my dear friend for just being you. love Gloria and Jim Donovan
