“Your family is in my thoughts and prayers. I didn't get to know Wayne until his retirement years but enjoyed visiting with him then. He had a great memory and never forgot a face. Wayne always had a smile on his face, a kind and joking word and always took time to visit. Your loss is shared by the many who knew Wayne. My Deepest sympathy.

“ Dear Nancy, Atom Ant, Secret Squirrel and Karry. so many great memories. Starting with the big two story brick house with the swamp cooler in the side window and Teddy stealing the take out tacos from La Rosa de Oro and hiding them under the couch. Skiing on Santa Fe Lake behind Wayne's home made boat and fishing trips to Fall River Lake. Wayne collecting and fixing old clocks and making his own Grandfather Clock completely from scratch. Fixing TV's without any training. Wayne running the refinery on the north end of town on the graveyard shift. Wayne's machine shop where he could make about any part anyone ever needed to get something running again. The cabin on the Neosho that came equipped with blacksnakes in the ceiling and walls. Staying with Nancy and Wayne in Thayer in the Apartment above the garage. We always felt welcome and had a great time in Chanute with you all. May the Lord bless you and comfort you in your loss.

Bob And Jane, your Kansas City cousins.
